TRANSMISSION, GEARBOX			
FULL SET OF 8 QUALITY (EN36) CLOSE RATIO GEARS, WITH KICKSTART WITHOUT KICKSTART TO FIT COMMANDO/DOMMIE/AMC GEARBOX SHELLS. THESE GEARS WILL GREATLY ENHANCE THE HIGH SPEED PERFORMANCE OF THE TWIN CYLINDER NORTONS, GIVING A WIDER CHOICE OF GEARS, PARTICULARLY WHEN ENTERING AND EXITING CORNERS AT SPEED. ALSO THE VERY ACT OF CLOSING UP THE RATIO'S REDUCES THE STRESSES IMPOSED ON THE WHOLE TRANSMISSION WHEN CHANGING DOWN (WHEN DAMAGE IS MOST LIKELY TO OCCUR). THE SLEEVE GEAR IS FITTED WITH A NEEDLE ROLLER FOR EXTRA MAINSHAFT SUPPORT AND BUSHES ARE FITTED WHERE APPROPRIATE. THIS IS THE SET TO USE ON ANY HIGH SPEED TWIN CYLINDER NORTON - ROAD OR RACE. MUCH MORE ROBUST THAN THE FRAGILE 5 SPEEDERS, QUICKER ON SOME CIRCUITS, & ALWAYS IN STOCK. AVAILABLE WITH OR WITHOUT KICKSTART FACILITY, THE RATIO'S ARE 1-1... 1.15-1... 1.4-1... 1.8-1 OR WITH A KICKSTART GEAR 2:05-1. UTILISES STANDARD SHAFTS, SELECTORS ETC.	C.T.S	050028	390.00
			050029
